

Editor-in-Chief Message

It has been my great pleasure to announce the launch of a new journal, “Journal of Advanced Sport Technology (JAST)” in the January 2017. We try our best to make sure we deliver high-quality content to our readers in a timely fashion. Definitely, a high standard scientific journal cannot be great without a team of dedicated editors and reviewers. We will strive to be a pioneer in sport technology and our most ambitious attempt is to focus on the realms of innovation and technology development in sport science.

JAST is dedicated to the rapid dissemination of high quality original and technological research papers. Fortunately, working with our knowledgeable and international Editorial Board members, assured a rapid, robust and fair peer-review process.

Finally, I wish to encourage more contributions from the scientific communities, industry, and sport sectors to ensure a continued success of the journal. I hope you will find JAST very informative and innovative.

Sincerely,

Professor Abbas Meamarbashi, PhD
Editor-in-Chief
Journal of Advanced Sport Technology
Department of Physical Education and Sport Science,
Faculty of Educational Sciences and Psychology
University of Mohaghegh Ardabili
56199-11367 Ardabil, Iran
